I spoke to Chuck the project manager for Ecology, and there is nothing that would qualify as RA project completes..

Hello Rod,

ECL and ECY Managers met last week in Lacey and there was some discussion on the Pasco Landfill site. I have been tasked with following up on the action item listed below. Can you help me with this? Do you know if any interim actions completed to date at Pasco would qualify as RA Project Completes?

EPA to check whether any interim actions at Pasco LF qualify as "RA Project Completes"

Thanks,
